Learning Core LBL
Methodology

Week-03

Path of Growth &
Self Discovery

Case Studies Review

Week-01

Technician to Artist

The week-01 focuses on skill redevelopment for spiritual regression preparations and on core competencies. The focus here is mostly to add more experiential exchanges, personal development, and demos as well as adding in different pathways to get there with less theoretical teaching.

The week-01 will also focus on different methods and ways of consciousness expansion and to integrate these methods to go into LBL and Beyond as well.

- LBL Core competencies
- Skills re-development
- Personal Development
- Exploring Personal Experiences related to consciousness preparation
- Exploring the nature of consciousness and its existence into metaphysical
- 2 Demonstrations and 6 Exchanges
- Flexible pathways to the spiritual realm
- MN – Videos – Embracing Michael's energy and MNI Culture

Week-02

Learning Core LBL Methodology

Week 2 is focusing on the core LBL method with in-depth experiential demos and exchanges. It will give a deeper awareness and ability to navigate the spiritual realm and beyond.

- Understanding the concept of LBL, the traditional way
- The in depth process and techniques of transitioning and navigating between lives
- Understanding the purpose of different stops in LBL
- Overview of Hybrid Souls and beyond
- 3 Demonstrations and then 6 Exchanges
- Client-centric approach to LBL sessions
- Strong Coaching Focus
- Personal Development – next steps
- Integration technique

Week-03

Case Studies Review

Week 3 is focusing on the case studies discussions and review.

- Participant Experiences and Insights
- Discussing specific needs of the group
- Continued Personal Development
- Guidelines for presenting what they learned from the experiential
- Certification requirements
